Leading Complex Situations

Content

You are an experienced executive pro and reach a limit within the firm or externally.

You know that by avoiding limits, performance decreases while the loss of control and the probability of errors occurring increases.

How do you guarantee personal success?

Transform limits into transitions:

Recognise and overcome barriers early, get to know success strategies in limiting situations, define clearer role boundaries, utilise pressure and control cautiously

Integrating the executive process:

1. Lead yourself, 2. Lead processes, 3. Lead customers, 4. Lead systems, 5. Master conflicts

Advantages

- Increased resistance to stress
- Increased handling of complex situations
- Develop new self-reliance
- Effectively deal with pressure and control

Methods

Workshop or individual coaching, video analysis

Duration

2 days for 6-12 participants
